

Document Risk Case File

Compliance practice file covering owner authority, estate, cession, and signature risk flags.

Scenario

The instructor is not the named owner, the file mentions a deceased estate, and one document copy is unreadable.

Learner Task

List risk flags, write file notes, identify documents to request, and state which actions must pause.

Escalation

Refer legal interpretation to qualified professionals and HouseLink admin before marketing or accepting offers.

Use this file for Academy practice, trainer review, and field coaching. Remove or mask private client data before submission.
