

Zimbabwe Market Intelligence Update Template

Monthly template for tracking suburb demand, pricing signals, rental trends, and client questions.

Market Signals

Record suburb, property type, asking-price range, enquiry volume, rental demand, buyer objections, and listing ageing.

Client Questions

Capture the questions buyers, sellers, tenants, and landlords asked most often this month.

Action

Turn insights into one blog idea, one agent coaching point, and one listing-pricing adjustment.

Use this file for Academy practice, trainer review, and field coaching. Remove or mask private client data before submission.
